WHAT'S INCLUDED	RESPONSIBILITY	WHO, SPECIFICALLY
Everything in Standard	Agent + Human	see Standard sheet
Up to 15 pages optimized	Agent + Human	agents draft it, a human applies it to your live site
Full site audit report	AI Agent	seo-performance, seo-schema, seo-sitemap, seo-sxo, seo-visual, compiled by seo-orchestrator
SEO best-practices guide	AI Agent	seo-orchestrator, compiled from the audit findings
6-month content plan	AI Agent	seo-cluster
Dedicated specialist + direct line	Human	a named human specialist on our team, as your direct point of contact

Why this matters: our agents don't have write access to your live site, ad accounts, or platform listings — every agent-produced finding or fix comes as a ready-to-apply artifact. Anything marked **Human** or **Agent + Human** means a person on our team (or you, if you'd rather implement it yourself) applies it.
